

Operation & Troubleshoot

Ready to use

TERMI-tool is a professional and efficient tool for maximum distribution of termiticides into soil as well as under and through slabs, blocks, and concrete. TERMI-tool comes with a variety of tips for applications in different surfaces, at different angles, and different flow rates.

TERMI-tool can be used with any air tank or compressor.

Features

- Economical
- Durable
- Variable configurations for great flexibility in use
- Dual coupling size for different external attachments (e.g. flowmeter)
- Multiple stainless steel tips for wide range of application
- Dual length stainless steel pipe set with foot ram assembly
- Most effective and versatile with current termiticides
